During lockdown there are lots of good times and some tricky times.

I have really enjoyed doing the quiz with my friends from church I even saw Mrs Price because she's in the church. I see my Aunty too.

There have been some tricky times, like not being able to give my friends a hug but I sometimes see them from a distance.

I have loved eating my mum's fudge that has KitKat at the bottom. I have had it every day. I love going to school. I wish I could go there every day.
