

Isaac

Year 2 2C

During lockdown there are lots of good times and some tricky and hard times. I have really enjoyed seeing my mum and dad and spending lots of time with them .

Something I have found tricky is that I can't see my nanny and grandad but I have played lots of fun games.

One thing is I miss giving people hugs

and I really miss normal school. I really miss seeing my friends and I hope can see them soon.

*So I thought to make them a card like I did for James and I speak to my friends in school or on face time everytime when I come home from school.*
