Dear Parents/Carers,

**Action Needed - Set Up Your Child with home access to Seesaw**

The children have been using the Seesaw app in school within their learning. Seesaw helps us work together to provide children with meaningful multimedia learning experiences at school and home.

We will use Seesaw to share learning activities, resources and capture your child's learning. It also provides an organised digital portfolio of each pupil's learning.
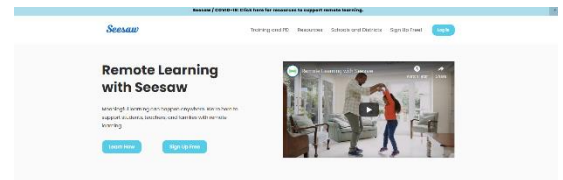

Please help your child log into the Seesaw CLASS app at home:

1.   For tablets or phones, download the **Seesaw Class App**
        For laptop or desktop computers, **go to app.seesaw.me**

2.   Your child logs in by clicking **I'm a Student**

3. We provide a unique Home Learning Code for your child to log in at home with this letter; which is attached: **Enter the text code** or **scan the QR code**

There are many benefits when using Seesaw including;
- a Safe and secure platform for pupils to showcase and celebrate their learning;
- GDPR compliant;
- Easy to use features;
- Parents/carers are more connected to the classroom;
- Greater understanding of the life and ethos of the school;
- More learning conversations at home;
- Pupils are motivated and engaged in self-evaluation;
- Parents/carers get updates which are personalised to their child;
- The progress of pupils is shared with home, further developing and improving the crucial cohesion between home and school.

If you have any queries, please email the school office at schooloffice@stgeorges.wirral.sch.uk with your child's name and class, the office will pass the message to your class teacher.

Best wishes
Year 2 team.
